

**Veteducation.vet Programme Director:**

Univ.Prof. Dr. Dr.hc Gilles Dupré, Dipl. ECVS

**Surgical oncology Course Director:**

Dr. Laurent Findji Dipl. ECVS, RCVS specialist

## Online module: Surgical oncology webinars

This module of webinars covering the fundamentals of surgical oncology is to be taken before attending the masterclasses. This will ensure that all participants have a common knowledge and understanding of the essential notions developed during the other modules, which can then solely focus on advanced concepts.

In order to help participants in their knowledge's acquisition, some evaluation of the webinars will be done during the onsite modules.

**The following webinars will be made available to you:**

- *Principles of Surgical Oncology: Laurent Findji*
- *Staging and lymphadenectomies: Laurent Findji*
- *Medical oncology and the surgeon: Craig Clifford*
- *Using imaging for surgical planning: Laurent Findji*
- *Interventional oncology: Bill Culp*
- *Radiation oncology and the surgeon: Kimberly Anne Selting*
- *Essentials of pathology for the surgical oncologist: Tim Scase*

*After your registration, the webinars will be made available on the Veteducation.vet google drive from November 1<sup>st</sup>, 2023*
