

Masterclass Program

**Interventional Endoscopy of the Gastrointestinal Tract,
Bucharest 21.-23.11.2024**

Course director: Prof. Thomas Spillmann, University of Helsinki (FIN)

Experts:

- Dr. Valérie Freiche, Alfort veterinary school (FRA),
- Prof. Edward Hall, University of Bristol (GBR),
- Prof. Thomas Spillmann, University of Helsinki (FIN)

Instructor:

- Dr. Paul Rimmel Alfort veterinary school (FRA)

Day 1 November 21st: Lectures and demonstration

08:30: Welcome and Introduction

09:00-09:45 What you see is not what you'll get: macroscopic approach, biopsy techniques and histology– *Valerie Freiche*

09:45-10:00 Discussion

10:00-10:45 How narrow band imaging can complement white light endoscopy for improving diagnostic outcomes – *Thomas Spillmann*

10:45-11:15 Coffee break

11:15-12:00 Endoscopic removal of esophageal and gastric foreign bodies – what to do when retrieval gets difficult – *Edward Hall*

11:45-12:00 Discussion

12:00-12:45 Esophageal and colonic strictures, how to dilate and when/how to stent – *Valérie Freiche*

12:45-13:00 Discussion

13:00-14:00 Lunch

14:00-14:45 Percutaneous gastric tube placement, when and how – *Edward Hall*

14:45-15:00 Discussion

15:00-15:45 Endoscopic mucosal resection of small local masses, how to start with endoscopic electrosurgery – *Thomas Spillmann*

15:45-16:15 Coffee break and discussion

16:15-18:00 The good endoscopic practice – *Edward Hall*

- Video
- Demonstration on cadaver
- Discussion

Social dinner

Day 2 November 22nd: Training on workstations

08:30-12:00

- The good endoscopic practice
- Gastric foreign bodies
- Esophageal foreign bodies
- Endoscopic gastric mucosal resection

12:00-13:00: Lunch break

13:00-16:30

- The good endoscopic practice
- Gastric foreign bodies
- Esophageal foreign bodies
- Endoscopic gastric mucosal resection

16:30-17:15 Debriefing and clinical cases discussion

17:15-18 Introduction to the next workstations

Day 3 November 23rd: Training on workstations

09:00-12:30

- How to take a good biopsy
- Stricture dilation
- PEG tube placement
- EMR colon

12:30-13:30: Lunch break.

13:30-17:00

- How to take a good biopsy
- Stricture dilation
- PEG tube placement
- EMR colon

17:00-17:30 Debriefing, feed-back and farewell
